1. **Welcome and introductions.**

## DISCUSSION/PRESENTATION/ACTION ITEMS

2. **Federal Emergency Management Agency (FEMA) Region VI and US Army Corps of Engineers (USACE) – Corridor Development Certificate (CDC) Trinity River Model Consolidation Update.** The FEMA staff will be present to give an update on the status of the integration of the CDC model for a shared consolidated model across agencies. The FEMA staff will elaborate on progress and challenges throughout the process.
3. **Geographic Information Systems (GIS) Mapping of CDC Applications.** The North Central Texas Council of Governments (NCTCOG) staff will present progress towards an updated GIS CDC Application Tracking Map to the Flood Management Task Force (FMTF).
4. **Discussion of Procedural Guidance for the CDC Process.** The NCTCOG staff will present the continued work on the development of the CDC Process description in the form of a flow chart. The FMTF will continue their discussion of this draft as an important part of the update of the 4<sup>th</sup> edition of the CDC Manual.

## INFORMATION ITEMS

5. **COMMON VISION Floodplain Management Seminar.** The next meeting is being developed to present important floodplain management topics to elected officials and local community leaders. We hope to continue to convey the importance of effective floodplain management to public safety and community development. The event is being planned for late spring at the NCTCOG. The FMTF will discuss potential speakers and messages to be presented.
